## BODRUM

Bodrum, the point where Mediterranean meets Aegean, is one of the most popular districts of Mugla province with its unrivalled bays and villages. Prior to the Republic era, Bodrum peninsula was known as Halicarnassus. It was here, where the Mausoleum of King Mausolus which is considered to be one of the Seven Wonders of the World, was built in the 4th century BC. Bodrum Castle, which came to be the symbol of Bodrum, was built by the Knights of Saint John and is now the most complete surviving castle in the eastern Mediterranean. The town of Bodrum hosts for many international and cultural events.

Caresse Bodrum is ten minutes from the center of Bodrum, Homer's "land of the eternal blue", with its matchless location in Asarlik, opposite Karaada, another symbol of Bodrum. Karaada ('Black Island'), with the position it has in the area and its craggy peaks that stretch from one tip to the other, was the source of inspiration for the Caresse, a Luxury Collection Resort & Spa, Bodrum logo.
